

# Maine Appliance Rebates

The State of Maine will implement a mail-in rebate program that will help residents replace older, inefficient water heaters and home heating and cooling equipment with new, efficient ENERGY STAR® qualified models. The program is tentatively scheduled to begin in March 2010, and will run until funds are depleted.

Eligible products include

- Gas tankless water heaters
- Electric heat pump water heaters
- Oil furnaces
- Gas furnaces
- Oil boilers
- Gas boilers
- Central air conditioners
- Air source heat pumps

Residents are required to show proof of haul away and disposal of old units.

Contact: [Efficiency Maine](#)

Total Funding: \$1,263,000

*Program information subject to change. Rebates may be offered for a limited time only. Before purchasing a product, check with your program sponsor to ensure rebates are available, and to confirm product eligibility and program requirements. Products purchased must meet efficiency criteria as established by the state.*
